Marconi's Irish Ancestry.

It is not generally known that Mr. Marconi, the adapter of wireless telegraphy, is as much an Irishman as an Italian in all but the matter of birth. He is, it appears, first cousin to a leading Wexford merchant and the son of an Ennisceorthy lady. Mr. Marconi's maternal grandfather was Andrew Jameson of Daphne Castle and Parkfield, Ennisceorthy.

PROMINENT ILLINOIS CENTRAL OFFICIALS DUE HERE THIS AFTERNOON.

Train Dispatcher J. B. Alvey, who has been in San Francisco attending the convention of Train Dispatchers, returned home last night. He had a very fine trip with everything passing along smoothly excepting a wreck on his return trip in which his neck was badly strained.

M. Gilless, assistant superintendent of all lines south of the Ohio river will pass through the city this afternoon en route to Memphis from Louisville.

William Renshaw, superintendent of machinery of the Illinois Central, will arrive in the city this afternoon from St. Louis division on business. He is on another tour of inspection.

The Illinois Central have added to their shipping facilities by securing a line of steamships from New Orleans to Glasgow. The company has the control of more than 100 steamers that carry freight to different parts of the world, but until a few days they were unable to secure any line running between New Orleans and Glasgow. A telegram was received Monday at the local freight office that arrangements had been completed with the Weir steamship company to handle freight in connection with the road between the points named above.

Mr. Howard C. Warden, the well known machinist who resigned his situation at the local Illinois Central shop several weeks ago, has gone into the graphophone business. He is the first man to go into the graphophone business alone and has the most complete line brought to Paducah.

FACTS ABOUT ARMIES.

Alexander's Large Phalanx Known as a Tetra Phalanx.

Until the time of Charles XII. of Sweden the artillery was not considered a part of the army; the men serving in it were not soldiers, but regarded as mechanics; the officers had no rank. Charles XII. gave artillery officers a rank and regularly organized the artillery into companies. The battle of Pavia demonstrated the superiority of the gun in the hands of the Spanish infantry. The musket carried a two ounce ball, and sometimes brought down at one fire two or three mailed knights. The French sent a flag of truce to remonstrate against the use of such barbarous weapons. Alexander, says Pearson's Weekly, had four kinds of cavalry—the cataphract, or heavy armed horse; the light cavalry, carrying spears and very light armour; the acrobaticists or mounted archers, used for outposts, patrols and reconnoitering duty; and the dimachoe, or troops expected to act either as cavalry or infantry. Alexander the great reorganized his father's army. The file of lachos of sixteen men was the unit; two files made a diloch; two diloches made a tetraorch; two tetraorches a tetraorch; two of these a syntagma; sixteen of these a small phalanx; four of them a tetra phalanx, otherwise known as a large phalanx. The Greeks attacked in a phalanx, the spear interlocked and shields overlapping. After the first onset the spears were dropped and the day was decided with the sword. The cavalry attacked the enemy in the rear, if possible, and in case of victory undertook the pursuit.

DEATH'S RELIEF

Mr. H. M. Beauchamp Succumbs After a Long Illness From Rheumatism.

HELPLESS FOR MONTHS

The Deceased Was 57 Years Old and Had Been a Traveling Salesman for Many Years.

LEAVES A WIFE AND ONE CHILD

Mr. H. M. Beauchamp, one of Paducah's best known men, died this morning about 8 o'clock at his home at Tenth and Broadway after an illness of nearly a year from rheumatism and a complication of diseases.

For several months he had been confined to his bed, and death was a relief to the patient sufferer.

Mr. Beauchamp was born at Bowling Green, Warren county, on July 4, 1844 and the greater part of his 57 years had been spent in Paducah. His father came from Virginia, but moved to this county about 1849.

The deceased was first in the employ of Morton & Co. and in 1866 went to work as traveling salesman for C. H. Riecke & Sons, which place he held for 26 years.

A few years ago he accepted a position with Fels Brothers, and was in the latter's employ up to 1898.

He was married to Miss Susan Reynolds, of this county, who survives him, together with one child, Mr. Chas. Beauchamp, of Vicksburg, Miss., now a traveling auditor for the Hammond Packing Co., of Omaha, who has been notified of his father's death and will arrive as soon as he can get here.

Mr. Beauchamp was a member of Paducah lodge No. 217, B. P. O. E., of the Knights of Honor, and of the A. O. U. W. He was a popular member of the Travelers' Protective Association, and a quiet, unassuming gentleman with a wide acquaintance in several states.

Mr. Beauchamp was at the time of his disability in the employ of the Ark company, Chattanooga, Tenn. He was one of the first traveling men to go out of Paducah, having often in the earlier days made the trip from Paducah to Florence, Alabama, on horseback. He had been a resident of Paducah for 52 years. He became a member of the first Baptist church in 1860 under Mr. Lorrimer.

He leaves three sisters, Miss Sallie Beauchamp, of the city, who has for years made her home with him, and Mrs. Mary Smalley and Mrs. Carrie Smith, of Texas.

Mr. Chas. Beauchamp cannot reach Paducah before Friday morning, and the funeral will probably take place at 4 o'clock Friday afternoon, under the auspices of the Elks. Burial at Oak Grove.

COMMENCEMENT TOMORROW.

The commencement of Mary's academy will take place tomorrow afternoon at the school at Fifth and Monroe, and the program will begin at 2 o'clock. A large crowd will doubtless attend.

HAPPY NUPTIALS

MARRIAGE THIS MORNING OF DR. L. D. SANDERS AND MISS

Annie Hisey—The Methodist Church Crowded With Admirers of the Happy Couple—Other Marriages.

The marriage of Miss Anne Bethshares Hisey and Dr. Lillard Sanders at the Broadway Methodist church this morning was a most beautiful and impressive occasion. The prominence and popularity of the couple made it an event of social interest as well. All society was present and the dainty summer gowns added a tropical beauty to the scene. The ceremony was impressively performed by the Rev. H. B. Johnston, presiding elder of the Paducah district. Prof. Chas. M. Davis was at the organ, and his master touch gave a sympathetic interpretation to that music that will never grow old—the world's wedding march.

The bride couple were preceded to the altar by Messrs. Wallace Weil and Charles Boyd, David Sanders and Henry Rudy. William Sanders and Richard Rudy. In a charming gown of white organdie, lace and ribbon, and carrying a large bouquet of bride roses, the bride, always pretty and attractive, made a beautiful picture not soon to be forgotten by the admiring on-lookers. Miss Hisey is the niece of Judge and Mrs. James L. Bethshares, and is beloved for her many charming and lovable qualities. Dr. Sanders is the second son of Dr. Will Sanders of Arcadia, and is one of the city's rising young physicians.

A reception for the immediate friends and relatives was held at the residence of Judge Bethshares on Sixth street after the ceremony; and at noon Dr. and Mrs. Sanders left for St. Louis. On their return they will be at Mrs. Ellen Morrow's corner Fifth and Jefferson street.

The attorneys in the case of Contractors Patterson and Porteous against the city on the brick street balance have been taking depositions for the past several days. The case does not come up until September or October.

The Southern Illinois Press Association meets at Metropolis Friday and Brookport Saturday. An elaborate program has been arranged, and the hospitable people of those cities promise all who attend an enjoyable time.

The "Orestes Quartette" promises abundant entertainment in its presentation of a comedy sketch entitled "Seen in the Sanctum."

Saturday the members will go to Brookport and will there be given a barbecue and free river excursion. In fact, both towns will be given over to the visitors.

The newspaper men on this side of the river have received invitations to come over and enjoy themselves.

MAYOR FAVORS IT

He Thinks the Streets Should Be Sprinkled at Public Expense.

HE ONCE SUGGESTED IT

It is Possible That Steps Will Be Taken to Adopt the Plan in Vogue in Other Cities.

NEWS IN CITY CIRCLES TODAY

Mayor Lang was discussing the matter of street sprinkling at the city hall this morning. A prominent gentleman came into his office, and brought up the matter of Owensboro's streets and the mayor seemed very much impressed with it.

"I think the streets should be sprinkled all over the city," he said, "and once suggested it to the council. I think from what I learn of street sprinkling in other places that the cost would easily be saved in the repair of streets alone and the advantage of better health and a cooler town would simply justify the cost."

"Of course the water company would probably lose considerable rents, as the people now pay ten cents a foot for sprinkling in front of their houses and the hose alone costs them from five dollars to ten dollars a year extra, but the plan of sprinkling the streets would be a great benefit I am satisfied."

Mayor Lang did not suggest what may be done by the city towards carrying out the idea of public street sprinkling, but quite a number of influential gentlemen are in favor of some steps being taken at once, as there will be plenty of hot weather this year. It may be that nothing can now be done, as the tax levy has been made and there is no appropriation in it for the street sprinkling this year. It is probable, however, from the interest that has been aroused, that the streets of Paducah will next year be regularly sprinkled during the summer.

Mayor Lang has appointed no delegates to the Good Roads convention, as he has received no invitation to it. The convention is to be held at Louisville the latter part of the month.

The addition to the central fire station, which is to be enlarged for the new fire apparatus, will cost \$1,437, the amount of Contractor Lum Fields bid. The award was made yesterday and work begins at once.

City Tax Collector Kraus averages several hundred dollar taxes a day, but the rush is always just before the penalties go into effect.

License Inspector Jarvis reports all licenses coming in except those on dogs. Not half the dogs have been taxed this year and he intends shortly to get warrants. The city has men out getting the names of delinquent dog owners.

The attorneys in the case of Contractors Patterson and Porteous against the city on the brick street balance have been taking depositions for the past several days. The case does not come up until September or October.

STILL IDLE.

CAULKERS NOT YET AT WORK AT THE MARINE WAYS.

The ship carpenters who walked out at the marine ways yesterday morning have not gone back to work. Supt. Tom Murray held a conference with them yesterday afternoon and explained matters to them. The agreement Supt. Murray had with the men provided for the placing of the men as seen fit by the superintendent and in his sending the caulkers down to ship carpentering he claims he committed no breach of contract. This was clearly explained to the men and they agreed to return to work but when they reported this morning they demanded that the caulkers now at work on the boat, be taken off and when Supt. Murray refused to accede to their demands would not go to work. There is threatened trouble but it is hoped that the differences will be settled.

A NEW TRIAL

The Case of Allen Against the City of Paducah Reversed Yesterday.

A NEW TRIAL WAS ORDERED

The McCracken Circuit Court Decided the Case in Favor of the Plaintiff for \$2,800.

A VICTORY FOR THE CITY OF PADUCAH

The court of appeals at Frankfort yesterday afternoon decided another important case from McCracken county, reversing the case of R. M. Allen against the city of Paducah.

A verdict was rendered in Mr. Allen's favor in 1899 for \$2,800 in his suit against the city for alleged damages resulting from the location of the city post house near his farm on the Hinkleville road.

The city had a difficult time finding a suitable location for the post house, and when it finally did get one, found further difficulty in getting a road to it. There was great opposition in the locality to it, and officers while en route with patients were shot at a time or two by some one in that section of the country.

Mr. Allen brought suit for \$5,000 damages and the jury awarded him \$2,800. The case was ably fought with Greer and Reed for the defendant and City Attorney Lightfoot for the city.

The decision of the Appellate court remands the case to this court for another trial.
